MEMORANDUM FOR: Chief, TSD for Research and Development

ATTENTION: Dr. Sidney Gottlieb

1. Since I expect to leave on a TDY trip tomorrow (23 March), I shall not have the opportunity to thank you personally for the stimulating and productive two days I spent with you and your principal officers in [REDACTED]. I believe that the synthesis that emerged from the free discussion\* in which we engaged day and night will benefit the DDP and, I trust, your department.

25X1A

2. I regret that I had to leave last night and I had no opportunity to thank each of your officers individually for their contribution to the seminar. I hope to see them, of course, on my return but in the meantime I would appreciate it if you would convey my gratitude to them.

25X1A

\* Which I abused, no doubt.
